

Banner

Skifter måske lidt for hurtigt til
nyt mønster - den når næsten
ikke at slæbe et spor efter sig
vi kan godt delay den med 10-
14 sekunder så der når at opstå
nogle af de fede visninger.

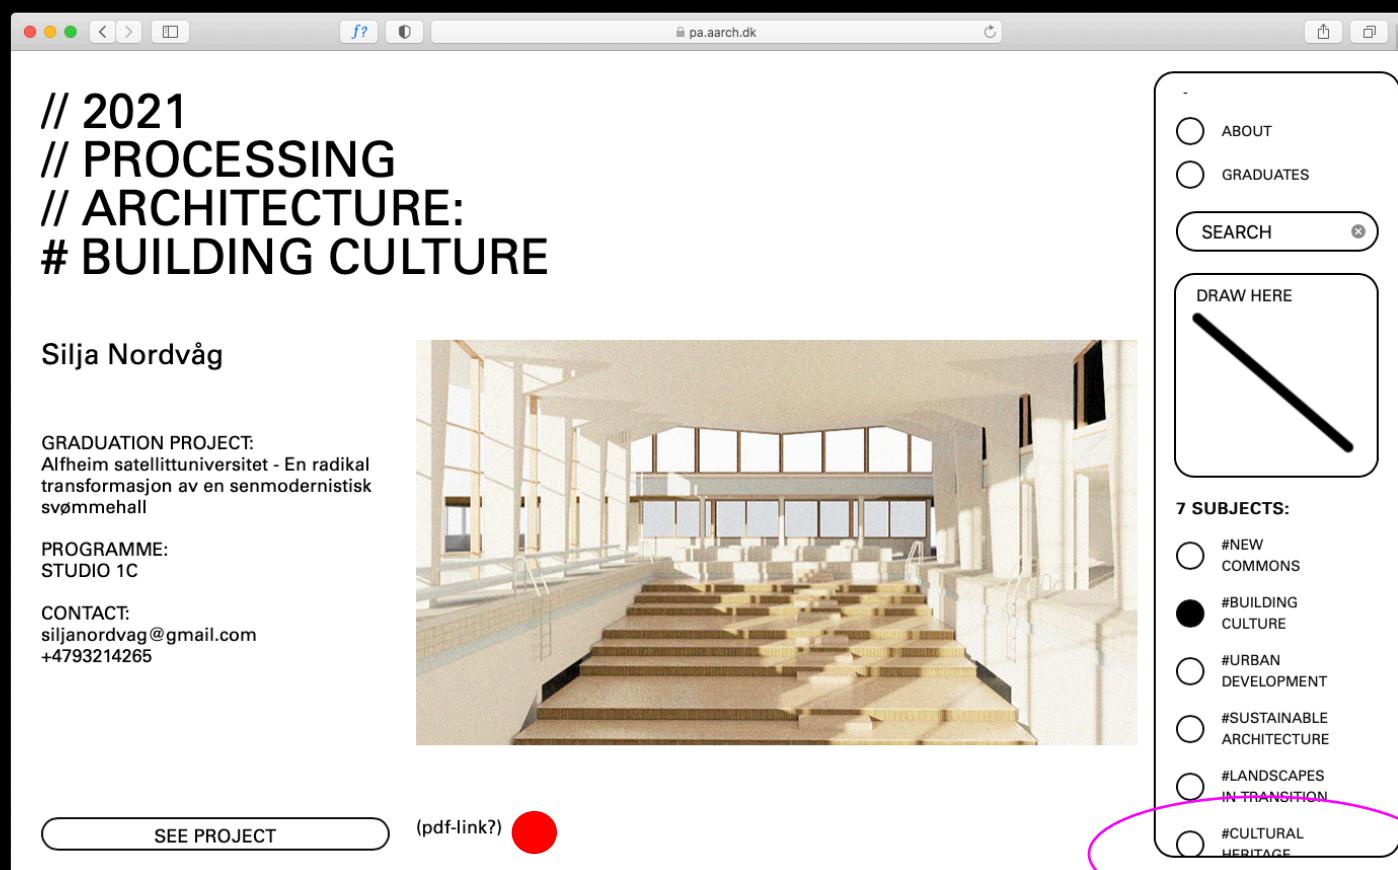

Responsiv

Der opstår nogle lidt skøre visninger i folks forskellige browsere da jeg bad folk fra kontoret teste :

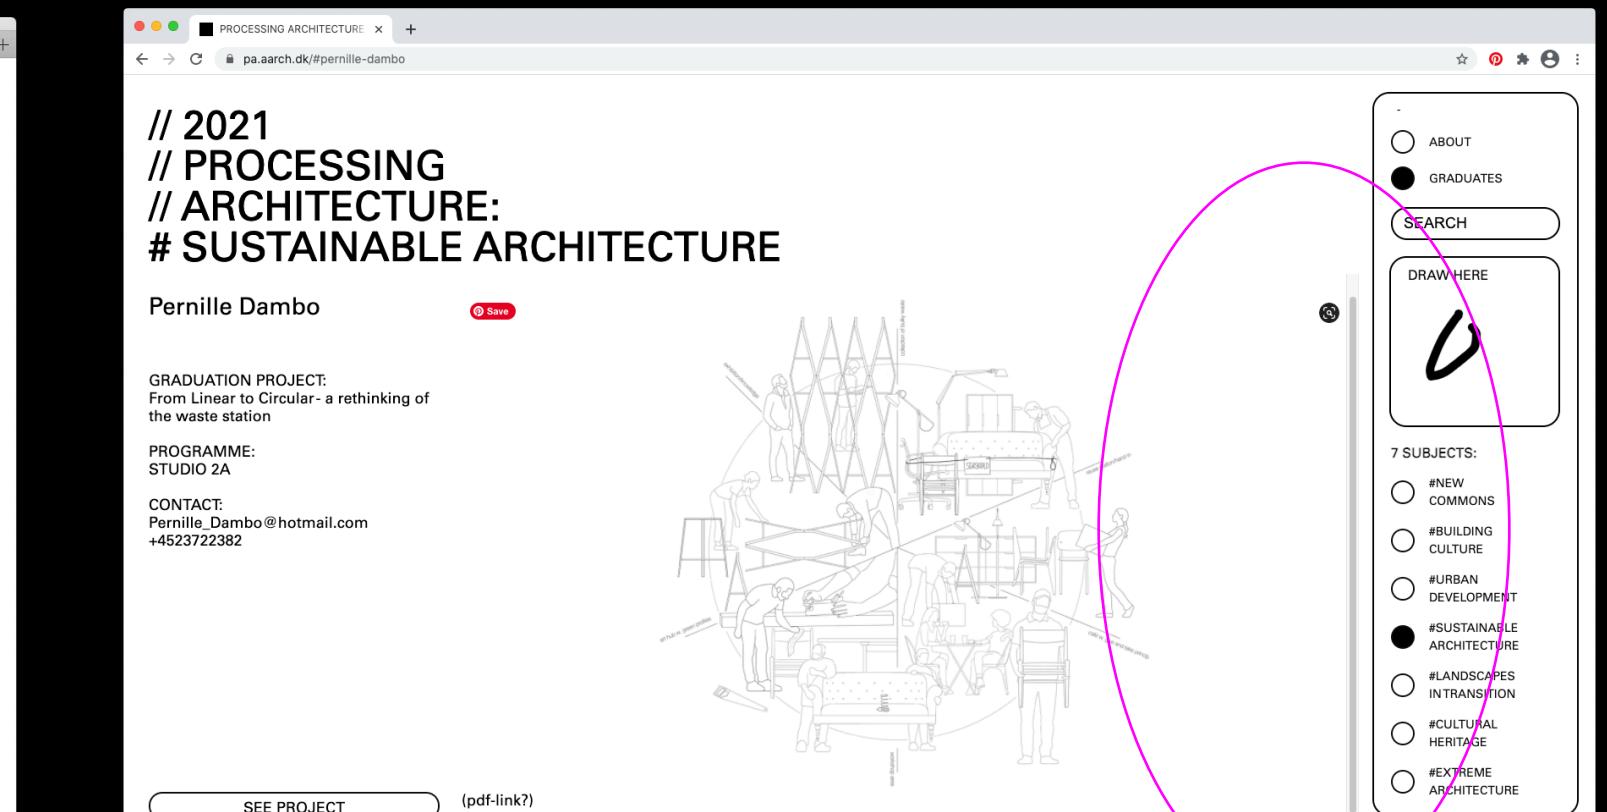

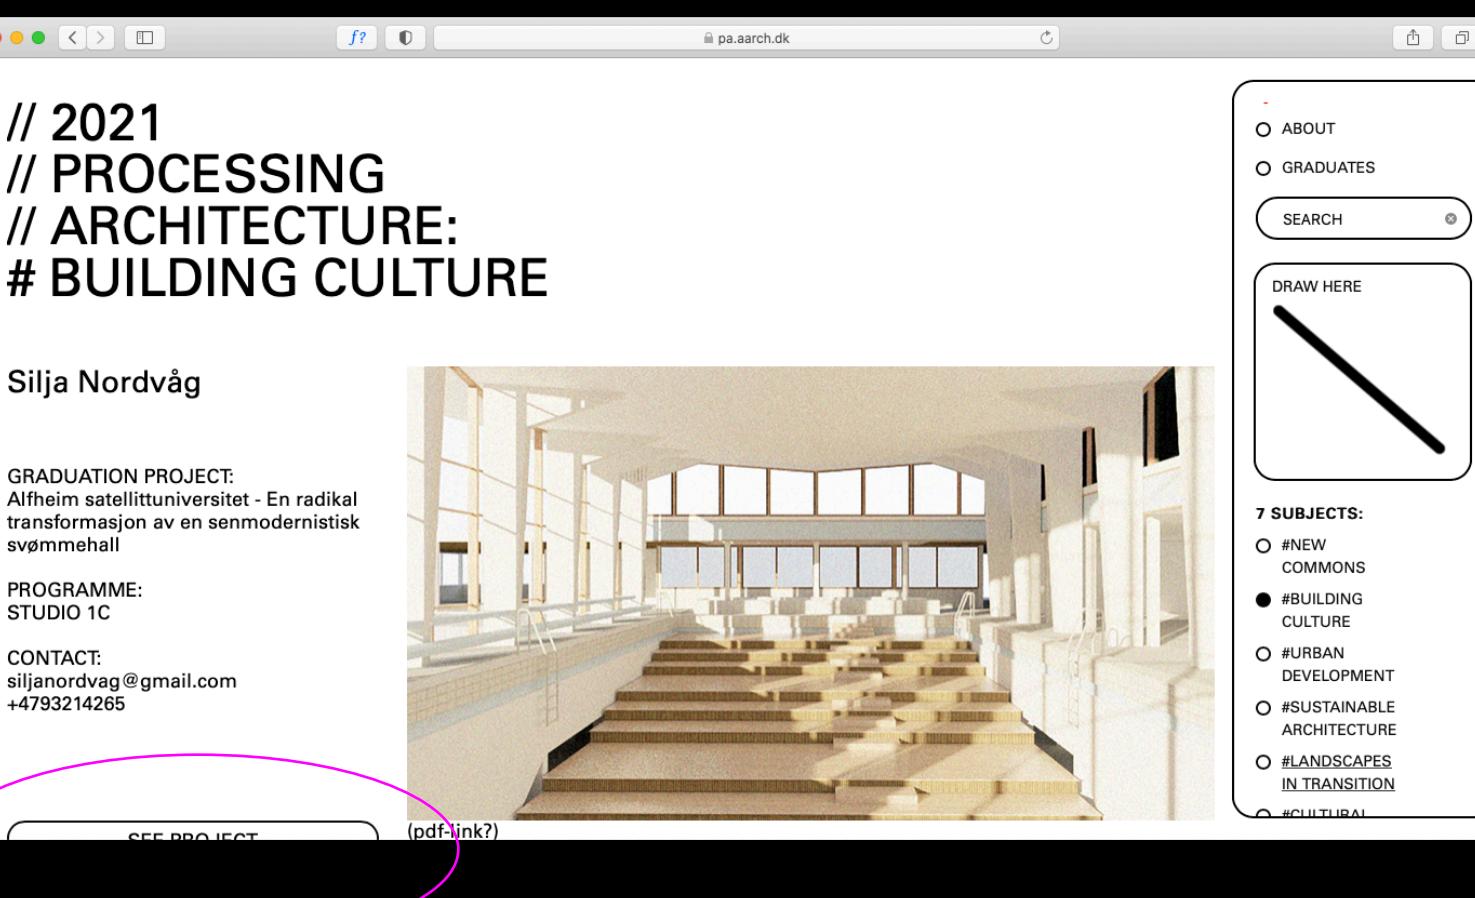

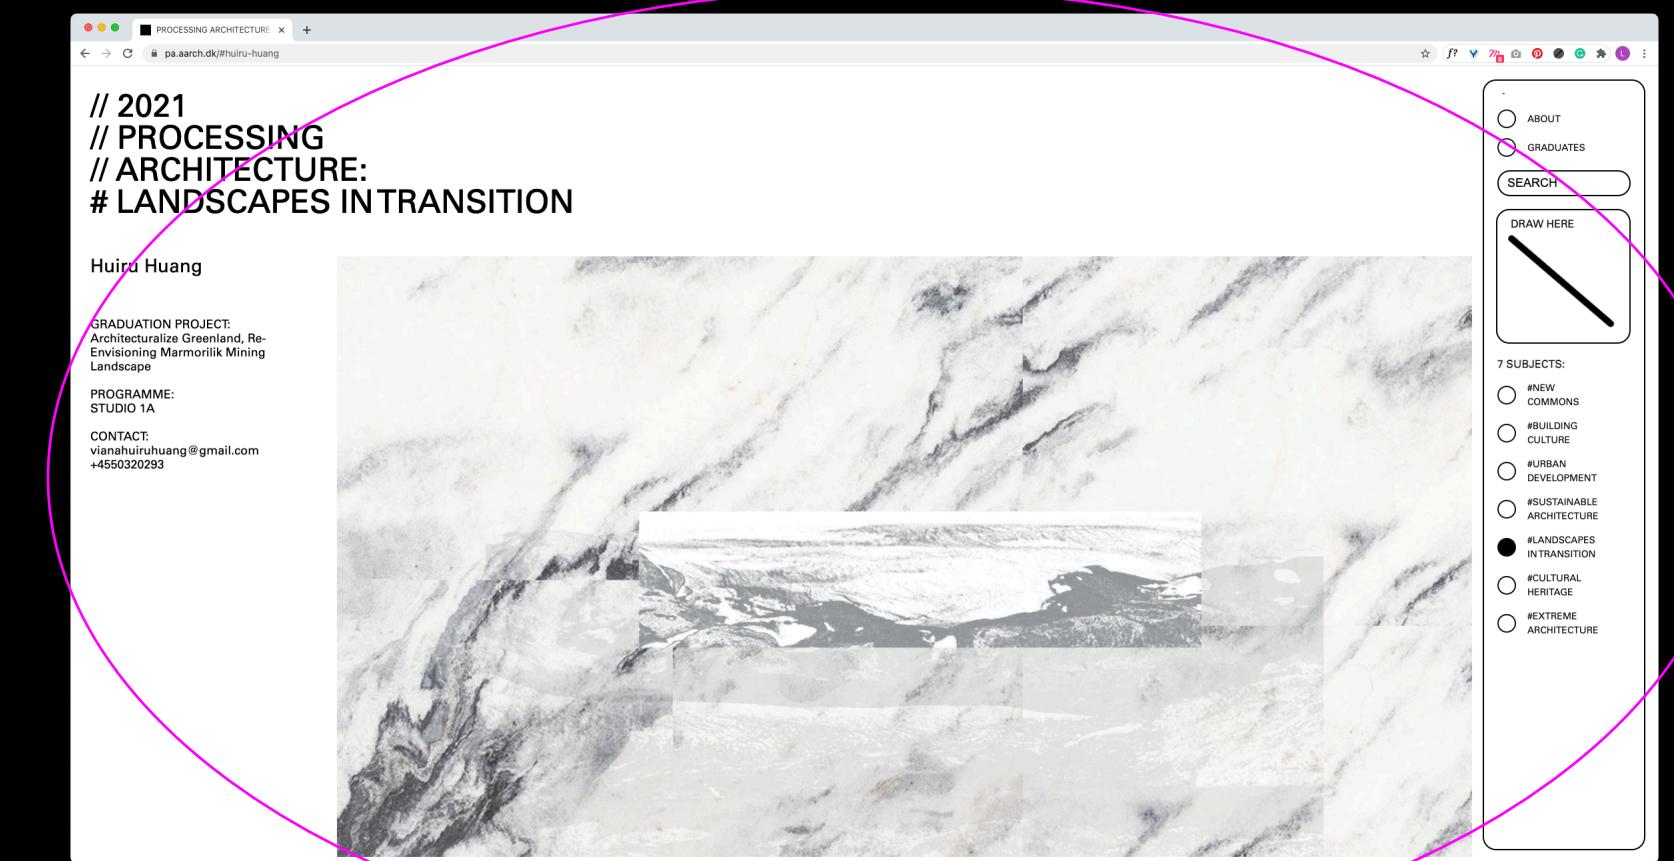

"SEE PROJECT" bliver ofte cuttet af - kan man bede denne være bundet til browser bund? så må billedet bare scale ned.

"(PDF-LINK?)" fremgår stadig - ud med den

Safari

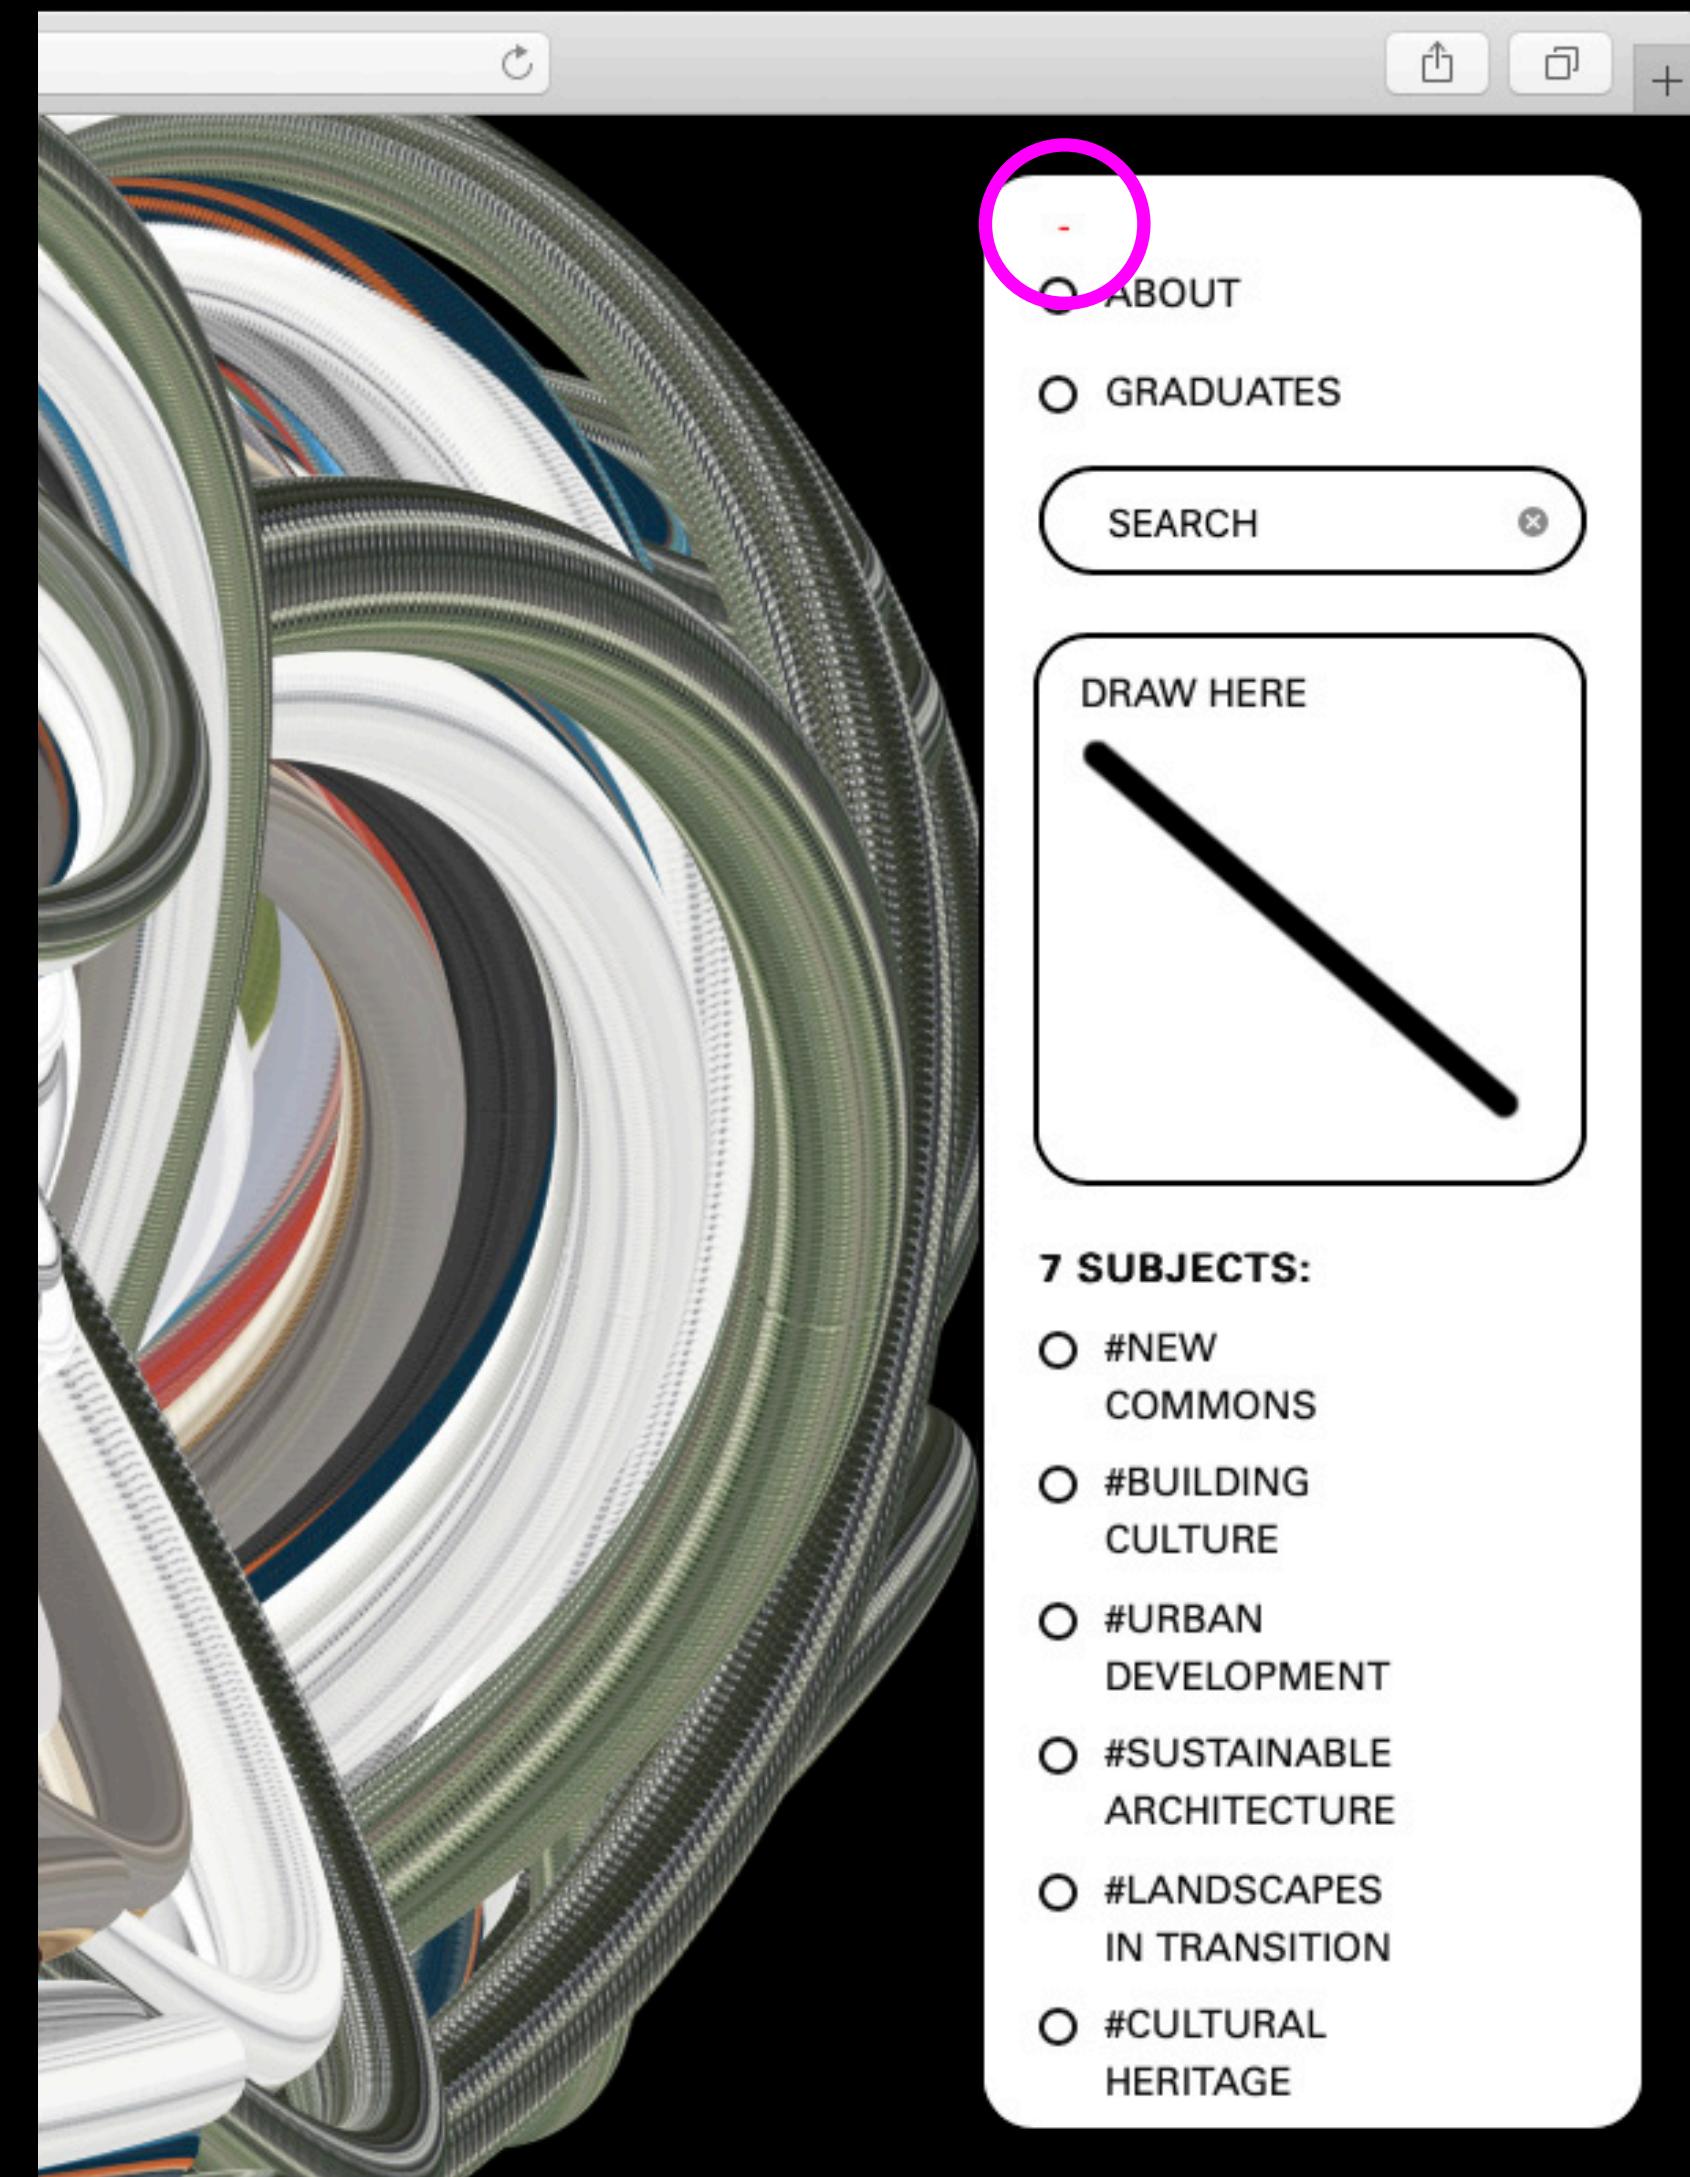

Chrome

Responsiv

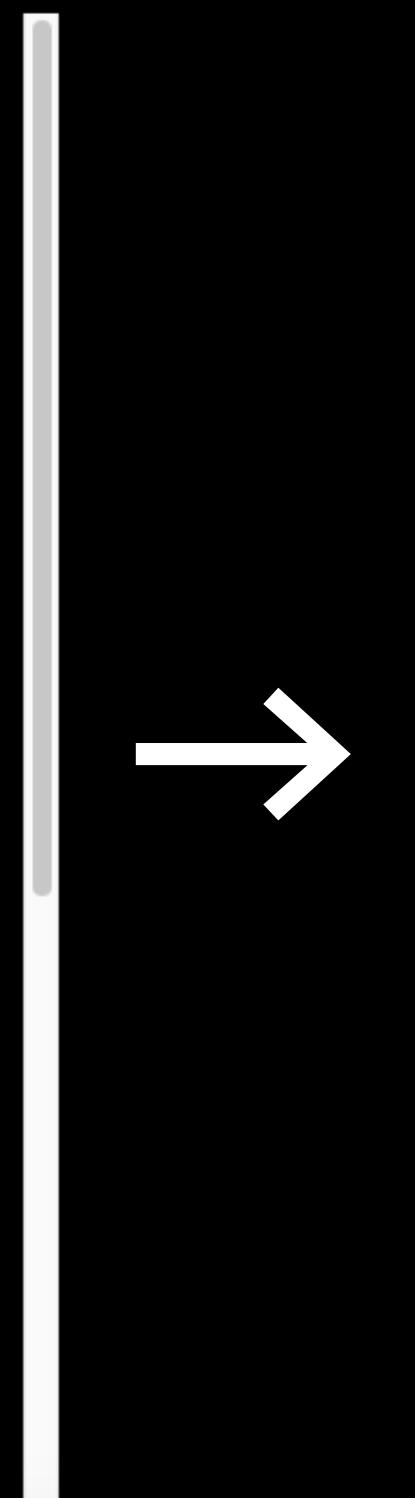

Når man kommer ned i den lille viewport - så bliver det lille tegn i toppen af menuen **rødt**

Scrollbar

SING CTURE

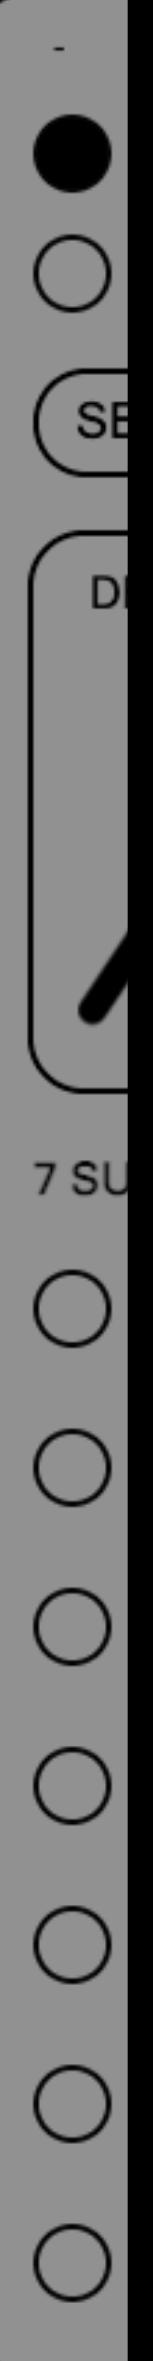

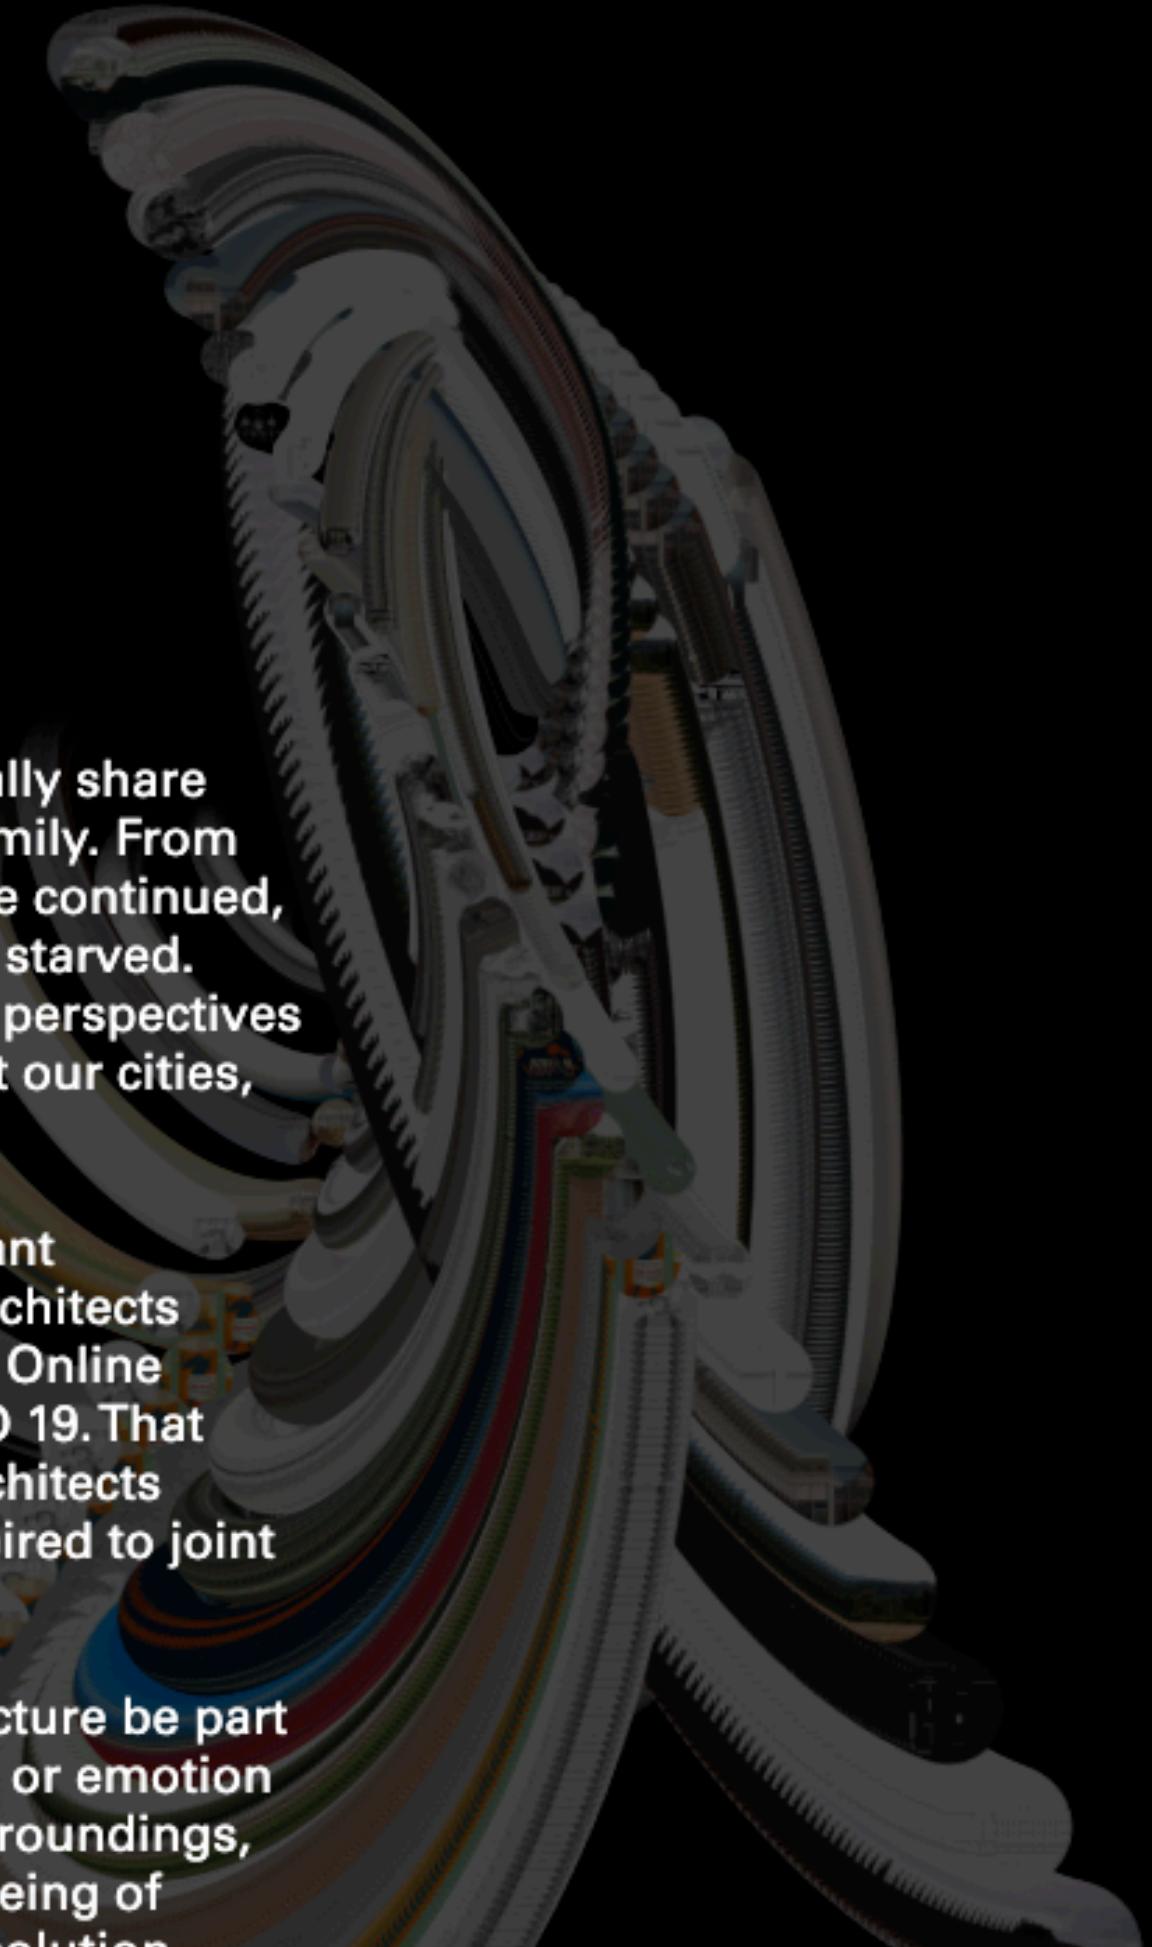

Kan vi pimpe scrollbaren til at blive lidt mere sexy og simpel ?

ception of space. From avoiding spaces we normally share ted, prevented from seeing colleagues, friends or family. From becoming collective on-liners. Meanwhile wars have continued, ugees have been refused entrance, and people have starved. ming issues leave architects and architecture? What perspectives ? And how do the economic and ecologic crisis affect our cities, ocracy?

s - and lots of work to be done. But also lots of relevant iscussed before initiating. Dialogues with the new architects herefore have been filmed and available here on the Online any other things filming was cancelled due to COVID 19. That hrough the projects and experience how the new architects ally download their full thesis, and hopefully be inspired to joint e.

is architecture in times of crisis and how can architecture be part entally architects have the ability to embed thought or emotion are aware that we are continually shaped by our surroundings, ft corporate cultures, lift spirits and impact the wellbeing of urban landscapers or city planners are part of the solution

Ipad

Der er bare sort skærm når man kommer ind fra en ipad - Er det fordi vi skal have ledt dem over til Mobil viewport?
